**REFERENCE: UNDERBODY HOIST HYDRAULIC PKG. TO INCLUDE RESERVOIR**

All underbody hoists have a variety of hydraulic packages depending on application. We at Champion Hoist and Equipment can mix or match most all hydraulic packages for your desired application. Please call our hydraulic engineer to assist you in your application if necessary.

All Champion underbody hoists are designed for a single or double acting application with no additional charge for our standard double acting hydraulics.

**We offer 12% discount if paid within 7 days with approved credit and an additional 5% for a trailer load lot consisting of 40,000 lbs. or more FOB Dunn, NC**
